LOCATION: These positions are located in the Anesthesiology Service, Operative Care Division, Portland, OR VAMC; however, it may be necessary to use the selectees' services at different locations throughout the medical center.

AREA OF CONSIDERATION: First area of consideration will go to current permanent employees of this medical center including Willamette National Cemetery, Regional Counsel and Veteran Outreach Center. Second area of consideration will go to any qualified U.S. Citizen

DUTIES: The complete Functional Statement may be reviewed in Human Resources Management Division. The following duties and responsibilities are taken from the position description and are considered to be a brief extract. Incumbent is accountable to the Chief, Anesthesiology Service and is responsible for providing the most effective delivery of anesthetic care throughout the medical center while meeting and exceeding compliance standards. The Staff Anesthesiologist has responsibility for providing complete care of anesthetic care of patients including preoperative assessment, intraoperative anesthetic administration and monitoring, and post-anesthesia care, in compliance with national (JCAHO) accreditation standards. Provides anesthesia-related direct patient care in all functional areas of the OR, ICU, ward, and clinic settings as needed, to include on-call coverage. Meets anesthesia-related documentation requirements. Participates in development and implementation of program planning, philosophy, objectives, policies, and standards essential to delivery of quality anesthetic care. Participates in activities to improve anesthesia-related outcomes and efficiencies including regular participation in morbidity and mortality conferences, staff meetings, and other relevant activities. Establishes and promotes an atmosphere of unity through collaborative practice and effective communication between disciplines throughout the facility. Fosters a high level of patient and staff satisfaction.

QUALIFICATIONS:

- ◆ Must be citizen of the United States.
- ◆ Must be a licensed Physician with relevant work experience.
- ◆ Must be board-certified or board-eligible in Anesthesiology through the American Board of Anesthesiology
